Education

PhD Knowledge Management

Professional Experience

David is not new to CityU but has actually worked for the school in Slovakia for over 17 years. Over that time, he has moved through various positions: he began as an ESL teacher, then taught in the BSBA and MBA programs at sites around Europe (Slovakia, Czech Republic, Switzerland, Romania & Bulgaria), and also taught in Beijing; in 2004 he became the Faculty Development Consultant for European Programs; in 2006 he was appointed Dean of Academic Affairs for Central Europe, and in 2010 for all of European Programs.

David Griffin originally comes from Hamilton, Canada. He's been in education for 25 years, and has made collecting degrees rather a hobby, with two in English literature, one in education, one in history and, most recently, a PhD in the field of Knowledge Management, with a specific focus on teaching practices that support the transfer of tacit knowledge.

David spends his time between Trencin, Slovakia, Vancouver and Seattle. He is married to the lovely Katarina and they have three amazing kids together: Hana Emily (15), Timotej David (9) and Amalia Ellen (6). They also have a 13-year-old yellow lab named Elza. David's interests include running (two marathons under his belt—one in Prague and one in Vienna), skiing and snowboarding, reading, watching movies and writing about himself in the third person. But most of all, he loves teaching!
