- Teaching, Learning and Technology certification, University of Washington

Professional Experience

Vicki is a seasoned educator with over 35 years of classroom experience, primarily in middle school, with literature, history, science, and environmental education as well as facilitating school trips and student led conferences. Her administrative leadership includes numerous years as Academic Technology Director, Principal/lead teacher for a small startup school, department chair roles, and faculty representative.

Vicki's doctorate has an emphasis on the role of leadership in creating and sustaining innovative environments. Her certifications include Washington K-12 teaching certification; ESA Reading Resource Specialist certification; and Washington State Residency Administrator certification.

Vicki has presented on the topics of integrated technology and professional learning networks for international and regional Anytime

Anywhere Learning Summits, Northwest Council of Computers in Education conferences, NAIS annual conferences and NWAIS technology conferences. She has also facilitated technology coaching classes for Puget Sound Center for Learning and Technology.

Vicki is passionate about exploring and supporting best practices in dynamic learning environments, and she loves walking, gardening, reading, music, her eclectic family, and coming alongside those who are exploring new adventures!

**"The whole art of teaching is only the art
of awakening
the natural curiosity of young minds for
the purpose of satisfying it afterwards."**

Anatole France
