CITY UNIVERSITY DECLARATION

City University agrees to deliver the program of study according to the terms set forth in this Enrolment Agreement, consistent the University Academic policies and regulations, the student's academic admission and the prior credentials review by the CityU Registrar's Office.

Although City University strives to prepare students optimally for present or any future career and employment, the University cannot guarantee future employment, nor is the granting of a degree any form of guarantee of future employment.

In British Columbia the term "university" is used under the written consent of the Minister of Advanced Education effective April 11, 2007; having undergone a quality assessment process by the Degree Quality Assessment Board (DQAB) and been found to meet the criteria established by the minister. Programs in Alberta are approved by Campus Alberta Quality Council, a part of the Alberta Ministry of Advanced Education and Technology, the education authority for the province. Nevertheless, prospective students are responsible for satisfying themselves that the programs and the degrees will be appropriate for tie needs (for example, acceptable to future employers, professional licensing bodies, or other educational institutions).
